I had a bunch of meetings today but should have the WP and QAPP final to you tonight. No questions on your responses, I did already go through all of those.

Shane helps track files for Container Properties, so it would be helpful to include him on final communications, but Jeff Davis is still their primary contact.

Thanks,  
Tasya

Hi Tasya. Checking in to see if you have any questions about my responses, and if you have an idea of when you might be sending the final versions of the work plan and QAPP.

Also, I don't have Shane from CP on my distribution list. Would you like me to include him in correspondence too?

Thanks,  
Janette

Tasya,  
Thank you for discussing my questions this morning. Attached is the spreadsheet with EPA's responses that you can use to produce final versions of the work plan and QAPP. Feel free to call or email with any questions.

Hi Janette,  
Here is the comment tracking table and the redline of the Former Rhone Poulenc draft Work Plan and revised QAPP. Note I added a tab to the excel sheet to include backup info related to one comment. Please feel free to give me a call to discuss if any of our responses are not clear.

Thanks,  
Tasya
